# SchoolsBuddy

PowerSchool
ISV PARTNER

SchoolsBuddy and **PowerSchool**, a leading provider of K-12 education technology solutions, have joined forces through an independent software vendor (ISV) partnership to provide a seamless link between PowerSchool data and SchoolsBuddy's advanced software solution for schools including activities management and parent teacher conference bookings.

PowerSchool

Integration
via automated API

SchoolsBuddy

Data

- Gender
- Grade
- Homeroom
- Subject classes
- Contacts - parents/guardians

Data Feed

Feed Data into SchoolsBuddy using your PowerSchool data via automated API.

Data Filter

By filtering your student data, users will only see information relevant to them in their SchoolsBuddy account.

Account

- After-school activities
- School & field trips
- Sporting events
- Online parent consent
- Parent-teacher conferences

SchoolsBuddy's direct integration with PowerSchool's data allows SchoolsBuddy to be a powerful tool for schools by providing a holistic experience for users. It enables data to be tracked and reported, such as participation in after-school activities or attendance at parent-teacher conferences.

About SchoolsBuddy

SchoolsBuddy is a comprehensive extra-curricular management system for staff, parents and students, featuring activities management, online payments, plus sign up, allocation and attendance for after-school activities. Trips, online consent, parents evenings, sports teams and bookings can all be managed through the SchoolsBuddy platform.

Our ISV with PowerSchool

The PowerSchool ISV program seeks to harness relationships with other K-12 vendors such as SchoolsBuddy to work together and create integrations that remove the legwork of data exchange for our customers.
